WEXFORD HAS A COLORFUL EASTER

DENVER - Wexford House seniors revisited their youth with some enjoyable Easter traditions. Residents, like Frances Genta, colored hardboiled eggs and hunted for candy-filled plastic eggs along with their grandchildren.

"Easter is their holiday, and these activities are reminiscent of the ways they may have celebrated with their families when they were youth," said Activities Director Leslie Spinner. "It's fun to keep old traditions alive and create new ones with our Wexford House family."
