# Valentine's Day is for sweethearts

Submitted to The Post

Residents at Woodcrest Commons, a DePaul senior living community in Henrietta, had plenty of reasons to feel the love on Valentine's Day as they celebrated with everything from crafts and musical entertainers to sweet treats and a photo booth!

The seniors got crafty making happy heart patchwork paintings, heart yarn wreaths and charm bracelets for their Valentines. They also had fun vying for prizes during "Be my valentine bingo" and by guessing how many hugs and kisses were in a jar. Also during the event, musicians Geoff

Clough and Cyndi Kingsley were on hand to serenade them with love songs from famous African American singers.

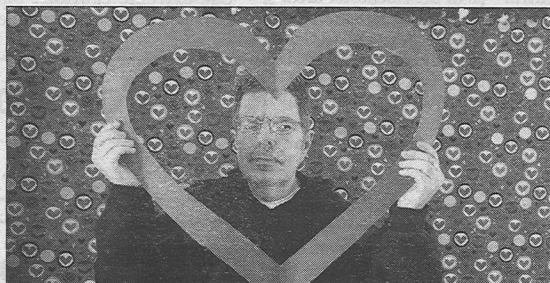

Residents snacked on their homemade red velvet mousse parfaits, chocolate dipped shortbread cookies and enjoyed refreshing strawberry lemonade. To

document their fun, the residents took pictures in a photo booth of them holding up valentine's themed props.
