Earth Day Celebration

Woodcrest Commons celebrated Earth Day with the help of the Mom's Group of Henrietta. Paint brushes in hand, residents and youth added spring color to flower pots which were later filled with an assortment of seedlings from poppies to Mexican sunflowers and four o'clocks.

"The children were excited to see something growing which they could take home and care for," said Activities Director Lindsay Lown.

Pictured here with the Mom's Group of Henrietta is Woodcrest Commons resident John Hicks. SUBMITTED
