

AROUND TOWN

Westwood Commons resident George Donohue takes a virtual trip to “Zen Places Worldwide,” including the Namib Desert in Africa, Kathmandu in Nepal and Fiji, using a virtual reality headset provided by a grant from the Mother Cabrini Health Foundation. AMY CAVALIER

Westwood Commons in North Chili receives a grant from the Mother Cabrini Health Foundation to help engage residents in new technology. John Smith participated in an activity with Eversound headphones, a technology that helps users in hearing and focus during conversations and video chats, and while watching TV. AMY CAVALIER

Marilyn Fegyo participates in a sing-along using iN2L, a technology that offers content-driven engagement, cognitive and physical exercise and therapy, education and memory support to residents of Westwood Commons in North Chili. AMY CAVALIER
